Reference : Docket No. 93N-0462

Dear Sir/madam:

Per above docket dated December 20, 1994, I was informed by Ms. Linda A. Suydam, Interim Deputy Commissioner for Operations, Food and Drug Administration, HHS, of my permanent debarment from providing services in any capacity to a person that has an approved or pending drug product application. Following this debarment I did not seek employment with any pharmaceutical company during the last approximately four years. This has been the most difficult period both for me and my family.

I am a degreed pharmacist and have worked for the pharmaceutical industries throughout my entire career. I am finding it extremely difficult to find suitable employment away from my area of training and expertise.

This letter is, therefore, intended to seek a clarification of the following:

1. whether I can work in a pharmaceutical company producing OTC products.
2. whether I can work in a company producing vitamins and herbal products.
3. whether I can work in a company producing cosmetic products.

I will highly appreciate it if you kindly inform me of the above at your earliest convenience.

Sincerely yours,

Abu Quamruzzaman
